

## April 2025 Greenland, Ukraine, UK

### GREENLAND

We've had more photos from our contact in Nuuk, Greenland, who received a box of 12 Green *NEV Bibles* from us and has shared them with members of her Bible reading group. We really do pray that the Gospel will find good ground there on the very extreme edge of the "islands of the Gentiles". The Lord taught that when the Gospel is preached in all the world, then shall the end come. Surely we are seeing the fulfilment of this before our eyes!

### UKRAINE

Appreciate your prayers as we plan our itinerary for next week's visit to Ukraine, Lord willing. We have brothers and sisters in Sumy, heavily hit by a ballistic missile this week as you will have seen from the media. All are themselves alive so far as we know. But simply living in such a situation, next to the Russian border, under constant such bombardment with the sirens sounding continually, is absolutely traumatic. Especially for the children and grandchildren of our sisters. We remain open to your donations towards our work in Ukraine.

### UK

Pub Church continues to be just such a wonderful and blessed outreach. After service last Sunday we baptized RALPH, video at <https://youtu.be/waWHTzyKWuw>

This week a group of five of us ventured over the river Thames from south London to north London, turned east and came to Tilbury, basically a massive council estate on the Thames estuary. We came to the home of one of our online followers, ZACH. He is very ill with a chronic and rare autoimmune disease, and has had 12 blood transfusions in the last year. But he has turned to the Lord in spirit and in truth. And not only he- he is to be commended for having also brought his wife VICKI and teenage daughters CHLOE and JESSICA to the Lord likewise. They hold their own little house church at home. It's so rare to meet a humble, Bible reading, God and Jesus centered family like this. Here and there amidst all the dramas of "Life on a Council Estate" there are pockets of such sincere people. They were well prepared for baptism, and had bought an inflatable pool for the baptism and set it up in the garden for our arrival. We had a time so wonderful together that words could never express it, and baptized all four of them in the pool in their garden. You can see Zach's leg bleeding afterwards, he is on blood thinners.

We took the opportunity to spread the Gospel in the area around central Tilbury, giving out *NEV Bibles* and cards urging people to download the *Bible Companion* app onto their phones. As you can see in the photos, there's a great joy in getting out on the streets and engaging with people.

Interest in the UK has never been higher, in the experience of so many of us. Video of us in action

### **PRAYER POINTS**

- For those recently baptized
- For our contacts in Greenland
- For brother Zach and others struggling with serious illness and their families
- For our work planned this week in northern Scotland and Latvia
- For those under constant threat of bombardment in northern Ukraine

**With love from your brothers and sisters of Carelinks**
