

# February 2026 Canada, Israel, Ukraine, UK

## CANADA

JOE is another of the 3 million or so people worldwide who've downloaded and use the Bible Companion app, having been involved with JWs and others in a long search for Bible truth after rejecting the Trinitarian teachings. We're absolutely delighted that he was helped so much by the Ottawa ecclesia, who baptized him last week:

## ISRAEL

The Hebrew Bible Companion app keeps spreading in Israel. We were fascinated to note 8 downloads from the Gaza Strip, and many more from the West Bank. Presumably the ones in Gaza are Arab folks there who know Hebrew. This must be about the only way possible to actually preach the Gospel to people in Gaza. We again marvel at the Lord's ways of getting His word to the most difficult places, and we again realize why He raised up the internet. Responsibly used, this is a wonderful way of taking the Gospel to the whole world.

UKRAINE

We do appreciate your prayers on our current trip. Other dramas on the world stage have rather eclipsed the western media coverage of the huge tragedy unfolding there- Russian attacks on the power grid have caused massive long term damage, hitting not only power stations but also systematically attacking electrical substations, water pumping facilities and other infrastructure. We regularly receive messages from brothers and sisters who have been without electricity for days. And those in the cities, generally reliant on the under-street heating pipes, have had no heating for a long time. Even when the Winter eases, Lord willing, the long term problem of lack of energy is going to remain. Temperatures this week are still in places at -20 C [that's -4 F]. We're doing what we can for folks on this trip, but plan a longer trip with brother Mark Hawkins from Australia over the Easter period. Currently, it's so hard to buy generators here. Websites offer them, but when you try and order... you find they don't have any. You call them... and they tell you the same: sold out. More coming from Poland "soon". But not now. So the only way to get them is to go to auctions or roadside markets. So we really appreciate your prayers as we try to do this, in very low temperatures and of course under the usual shelling and bombardment. We used the 'Translate to English' button on our browser to give you just some idea of the problem of generators being "Out of stock"- this is from the largest online store in Ukraine. And those apparently available aren't, when you try to buy them:

As we go to press, brother Duncan is in Ukraine and reports a lot of good things about both generators and other matters. Will share them in the next Carelink, Lord willing.

UK

Just before leaving for Ukraine, we spent a great evening up in Lincoln with DANNY and his wife Emily and his brother JAMES. Danny and James came from total atheism to believe firstly in God, then Jesus and the Bible. Then began the search for the true church... and they drew a blank, put off by "churchianity". Danny came across our Church in a Pub meetings online, and shared with his brother. All very much like John 1:41, "The first thing Andrew did was to find his brother Simon; and he said to him: We have found the Messiah!". So after lots of chats and research, it was a joy to spend an evening with these lovely folks and to baptize Danny and James in Danny & Emily's bath tub. The explosion of interest amongst standard British folks in the UK is just amazing... especially amongst young and middle aged males, who seem to be the majority of those who are coming to baptism. The Lord's ways are indeed past finding out, but He certainly is characterized above all by a desire to save.

#### PRAYER POINTS

- For those recently baptized
- For the current ongoing trip in Ukraine
- For those struggling with hyper low temperatures and no heating nor power, amidst the constant air raids in Ukraine
- For Cindy, Evia, Daniel and David as they do Winter welfare work in Latvia this week with our brothers and sisters there
- For those folks in the Gaza Strip [and all Israel] using the Hebrew Bible Companion app

With love from your brothers and sisters of Carelinks
